

Cardiovascular Surgery of Southern Nevada

NOTICE REGARDING SURGICAL CARE

The physicians of Cardiovascular Surgery of Southern Nevada provides care for cardiac, vascular and thoracic surgery only. Our scope of practice does not include providing care for any other medical specialty. For that reason we want to make sure you are aware, the services provided at CSSN will only be care provided by our specialty. It is extremely important you follow up with your primary care family doctor, internal medicine physician or other specialists you may see for continued care and to follow other medical conditions you may have.

PRESCRIPTIONS: Our office will not provide prescriptions for anything other than the surgery we perform. If you take medications for any medical condition be sure and follow up with your primary care, family doctor, internal medicine physicians or other specialist to refill those medications. This office will only refill medications related to the surgery we perform.

DISABILITY FORMS AND FMLA: Our office will complete as a courtesy one disability or FMLA for at no charge. Each additional FMLA or disability forms will have a fee of \$35.00 each to complete. We require approximately 10 business days completing all forms. If you need the form expedited there will be an additional \$35.00 fee. Should you have questions regarding this notice, please feel free to discuss them with your physician and/or medical assistant at the time you see the doctor.
